The Weather

Poconos — Partly cloudy with a cool northerly breeze today. High 56-62. Clear and cold tonight with danger of scattered frost. Low 30-36. Saturday fair with rising temperature.

MAJOR SUPPORT for construction of first phase of Keystone Shortway came from these three backers: Clifford L. Cramer, president of the Monroe County Keystone Shortway Assn.; Z. H. Confair, Association chairman, and C. E. Noyes, executive director of the Association, both from Williamsport. (Staff Photo by Randolph)

Explosion Of Nike Missiles Kills Seven

MIDDLETOWN, N. J. — A powerful Nike guided missile blew up on the ground here yesterday and exploded seven others in a tremendous blast. All were fully armed for warfare.

Seven to 10 persons died in a split second of disintegrating force and flame. From the scattered human fragments, it was impossible to set the death toll. Maj. Gen. Charles B. Duff of the Army Air Defense Command, said it would be at least seven and could be 10.

Location Of Disaster Like Battlefield

MIDDLETOWN, N. J. — Charred bodies . . . trucks burned to skeletons—pieces of Army fatigues . . . a human finger . . . chunks of flesh torn from bodies . . .

That was the sight after seven Nike missiles blew up yesterday.

Bruce Cobb of the Long Branch Record, the first reporter to get inside the base after the explosion, likened the scene to a battlefield.

Cobb said an area within a 100-foot radius of the explosion became a junkyard. Two concrete block buildings were torn inside and had their windows blown out.

The 12-foot high structures housed a power plant and an assembly point for the rockets.

Ike Orders Emergency Air Program

WASHINGTON — President Eisenhower, heading demands for quick action to reduce the number of aircraft collisions in midair, issued orders yesterday for an emergency safety program.

The new air regulations, some of which will go into effect within a few days, are designed to put tighter restrictions on the bullet-like flights of military aircraft and keep them off civilian airways when they are engaged in dangerous maneuvers.

At first, the President intended to leave corrective measures to his Air Coordination Committee, headed by Lt. Gen. Elwood R. (Pete) Quesada, a retired Air Force officer. He had directed Quesada to start a study of the problem today.

Prompt Steps

But later, after conferring with members of a House subcommittee working on aviation safety, Eisenhower decided on prompt steps.

A five-point program was announced at the White House by Rep. Prince H. Preston (D-Ga.), chairman of the House subcommittee. It provides for these changes in flying regulations:

1. Jet trainer aircraft flown by student pilots on civilian airways will be required to operate under instrument flight rules—IFR. At present, Preston said, such craft operate under visual flight rules except at night and in bad weather.
2. Military jet trainers when traveling from higher to lower altitudes will be required to do so off civilian airways.
3. Itinerant cross-country, for example, jet planes will be required to file flight plans with the CAA.
4. Jet trainer pilots making proficiency flights will be required to do so off the civilian airways.
5. Operation flights, as distinguished from training flights, must be made on the civilian airways under IFR restrictions and CAA control.

Commission In Support Of Shortway

MONROE County Commissioners yesterday unanimously backed construction of the Keystone Shortway. Commissioners renewed their support of the super-highway which will cross Pennsylvania between Stroudsburg and Sharon on the basis of its value as a "military highway" in addition to its great economic benefit to this area.

Yesterday's action was taken by the county in the form of an official resolution. It was drawn up for presentation at the open public hearing on the economic effect of the Shortway last night at Tannersville.

The County resolution, approved by all three Commissioners, said, in part:

" . . . The Commissioners of Monroe County firmly believe that the Sharon - Stroudsburg Highway, when completed, will be used as a military highway in the event of hostilities and will afford needed protection for military installations in Monroe County as well as the Eastern part of Pennsylvania and portions of the States of New Jersey and New York . . .

Economic Value

"The construction of the Penn-Can Highway and the Sharon - Stroudsburg Highway will prove of great economic value to the county of Monroe in that the resort areas of said county, known as the Poconos, will be more accessible to the people of Western Pennsylvania, Ohio, Indiana, and Illinois and to the people of Northern New York and Canada.

" . . . the county of Monroe will benefit economically both from a commercial and manufacturing standpoint because of easy accessibility to Western Pennsylvania, Ohio, Indiana and Illinois if said highways are constructed . . .

"Now therefore, be it resolved that the Commissioners of the County of Monroe, State of Pennsylvania completely approve the construction of both highways . . . the Penn-Can Highway and the Sharon-Stroudsburg Highway . . . at the earliest possible moment."

Garment Strike Flares In Scranton

SCRANTON — The dormant remains of the spring garment strike flared in Pennsylvania yesterday when pickets attacked a truck hauling half-finished dresses from one plant to another.

Authorities said some 25 pickets converged on the truck near the Harvic Sportswear plant and a woman reportedly hurled a brick at the driver.

She and a man were arrested. Mrs. Ellen Keim, 48, of Scranton was charged with malicious mischief. Edward Banyai, 34, of Allentown, was charged with disorderly conduct and resisting arrest. Banyai was described as an organizer for the International Ladies Garment Workers Union.

A hearing was to be held in the afternoon but later was postponed until Monday.

A spokesman for the union said the pickets objected to transporting dresses which were cut during the strike. A company spokesman said the half-finished dresses were being transported.

He put it this way: "In a broad general way I'd say the index has shot its bolt. There's no question about it, the big rises are now over."

Clague said some food items are showing small declines at retail in May. The food index itself is at a record high, nearly seven per cent above a year ago.

Prices of fresh fruit rose nearly 10 per cent in April, vegetables, nearly 3 per cent. Officials said store prices of green beans, onions, cabbage, tomatoes and strawberries have since declined somewhat.

April costs of eggs, chicken, bananas, coffee and dairy products were lower but most meat prices were up again. Housing, medical care and personal care items also averaged higher, but clothing and transportation costs were down. The latter were mainly influenced by lower prices for gasoline and new automobiles.

Outburst Of Fighting In Tunisia Adds New Crisis To Growing List In France

PARIS — An outburst of fighting between French and Tunisian troops in Tunisia yesterday saddled Premier Pierre Pflimlin with a new crisis in turbulent North Africa.

President Habib Bourguiba of Tunisia broadcast news of the fighting as Pflimlin struggled to regain control of Algeria from rightists who demand a government headed by Gen. Charles de Gaulle.

Costs Of Living Reach New Peak

WASHINGTON — Living costs reached a new peak again in April but government officials expressed belief the two-year inflationary spurge has shot its bolt.

The Labor Department's living cost index, still moving counter to the business recession, rose two-tenths of one per cent between March and April. This put the index at another record high of 123.5 per cent of the 1947-49 base.

Still increasing grocery prices were held wholly responsible for the April increase. The index now is 3.5 per cent above last year. It has risen in 18 of the last 20 months, and declined only once in the last 28 months.

Encouraging word came from the government's living cost expert, Ewan Clague, who said living costs appear to be "peaking out" and stabilizing for the summer months. He declined to rule out the possibility of further small living cost increases in the months ahead.

General Way

He put it this way: "In a broad general way I'd say the index has shot its bolt. There's no question about it, the big rises are now over."

House Passes Postal Bill By 379-0

WASHINGTON — A 379-0 House vote yesterday put it up to President Eisenhower whether to raise postal rates by 550 million dollars a year.

The unanimous vote completed congressional action on a bill that, in addition to raising postal rates, would increase postal employees' pay by 380 million dollars a year.

If Eisenhower signs the bill before the month is out, the cost of mailing a first class letter will increase on Aug. 1 from the present three cents to four cents. It will cost seven cents, instead of six, for an airmail letter and three cents, instead of two, for a postcard.

Second Class

Rates on second class mail—newspapers and magazines—would be raised 60 per cent on the advertising content and 30 per cent on the editorial portion of a publication. This would take effect in three annual 20 and 10 per cent jumps with the first one coming next January.

Third class—largely advertising circulars—rates would be increased 66 2/3 per cent in two steps. The bulk piece rate would go up from one and one-half to two cents next Jan. 1 and to two and one-half cents July 1, 1960.

The administration has been trying for years to get rates raised, so as to reduce the annual deficit shown in Post Office Department operations. However, this bill is 150 million dollars short of what Eisenhower asked in revenue and 220 million more than he sought in pay raises.

While there has been some talk of a veto, one senator said that Postmaster General Sumnerfield urged Eisenhower last Monday to sign the measure.

Most postal workers will get a 10 per cent pay raise, retroactive to last Jan. 1 if the bill becomes law.

Muhlenberg To Award Five Degrees

ALLENTOWN, Pa. — Muhlenberg College will award five honorary degrees at its June 9 commencement exercises.

Rev. Dr. Edward T. Horn III of Trinity Lutheran Church, Germantown, Philadelphia, will receive a doctor of science degree.

Donald P. Miller, an alumnus and trustee and executive vice president of the Call-Chronicle newspaper in Allentown, will receive a doctor of science degree.

Law School

A doctor of laws degree will go to Dr. Morris L. Shafer, dean of the Dickinson School of Law.

Doctor of divinity degrees will go to the Revs. Walter R. Harrison, superintendent-pastor of the Lutheran Home for Orphans and the Aged, Germantown, and the Rev. Clarence A. Steigerwalt, pastor of the Friedensburg Lutheran parish, Schuylkill County.

Lebanon Seeks Aid

BEIRUT, Lebanon — The pro-Western Lebanese government sought yesterday to win United Nations and Arab League support for charges that the United Arab Republic is guilty of massive interference in Lebanon's recent upheavals.

While government forces still battled insurgents, the Cabinet met and a Parliament committee subsequently voted 7-3 to complain to the Security Council.

Pin Blame

The government of President Camille Chamoun wants to pin the blame on the U. A. R. for 13 days of disturbances that have taken at least 200 lives throughout Lebanon.

The U. A. R. has been accused of sending in arms and money, soldiers in disguise and directions for agents working to overthrow the Lebanese government.

39 Witnesses In Favor Of Present Route

By Leonard Randolph

TANNERSVILLE—A total of 40 witnesses testified at a hearing on the economic impact of the Keystone Shortway last night at Pocono High School.

Only one lone voice was raised against the Shortway in the proceedings. It came from Philadelphia.

All the rest of the witnesses represented industrial, resort and commercial groups, labor organizations, service clubs, local governments—or themselves as individuals.

All of them were agreed that the proposed Shortway will be of great benefit, economically, to Monroe County, Northeast Pennsylvania and all the other Counties in the "Shortway Belt" across the State between Stroudsburg and Sharon.

John Rezzolla, chief counsel to the Pennsylvania Department of Highways, presided at the hearing. He emphasized that it was an "open, public hearing" and that "anyone is invited to express his views—whether for or against the highway."

Technically, last night's hearing was intended to deal only with that section of the highway between Stroudsburg and the Monroe-Wayne County line. But most of the witnesses gave broad interpretations of the effect of the full Shortway.

Witnesses came from all over Monroe County, Scranton, Hazleton, Williamsport, Sharon, throughout Northeastern Pennsylvania.

Some local residents had expected "fireworks". This was based on an assumption that Philadelphia would be more widely represented at the hearing.

Only one man came. He was William Wilcox, secretary of the Greater Philadelphia Council—a development organization of civic leaders. There was no official objection to the Shortway from Mayor Richardson Dilworth or any other Philadelphia City authority.

Witnesses who appeared, in the order of their appearance, were the following:

E. J. Greenwald, assistant district engineer, PDH, who outlined the route and purposes of the first phase of Shortway construction. For a full text of Greenwald's statement, see page seven.

John R. Lesoinne, Monroe County Commission chairman: "There is a great need for a better highway system throughout this area. Traffic has decreased during recent years, because people just won't come into an area where they have to wait two hours to get through a bottleneck. As a truck company operator, I am also very much interested in the early construction of the Keystone Shortway."

C. M. Reese, president of Monroe County Civil Defense Council: "This highway would be of great value for the defense of our nation and particularly this section of the country. The biggest single factor in the saving of lives in a time of emergency such as atomic bombing is the nation's highway system."

Joseph H. Small, secretary, Manufacturers Association of Monroe County, who stated simply that the organization favors the Shortway. Alfred J. Schafer, Industrial Management Club of Monroe County, who said: "We are fully in favor of the Shortway because better transportation facilities for raw materials and manufactured products" will have a great economic benefit for the area.

John B. Wilson, Stroudsburg Businessmen's Assn.: "The Shortway will benefit resort business, cause industrial growth and increase retail and wholesale business throughout the area. . . . Transportation is vital to progress." Paul Cerulla, director of the Greater Hazleton Chamber of Commerce, who pointed out that Hazleton "is one of five areas in the U.S. with the most unemployed" and that "we favor immediate construction of the Shortway."

Leo A. Achterman, Solicitor for Monroe County, who entered a prepared resolution submitted by County Commissioners. (See adjoining story.)

James R. S. Flory, burgess of East Stroudsburg: "Announcement of the proposed Shortway has brought national inquiries from several industries on possible location here . . . saying their principal reason is construction of the Shortway . . . It would be of immeasurable benefit and is absolutely vital to East Stroudsburg and the rest of the Pocono Mountains."

Albert Koster, East Stroudsburg Businessmen's Assn.: "The Shortway would provide easy access to Philadelphia, Pittsburgh, Scranton and the Penn-Can Highway . . . Industries would be encouraged to come to this area or stay and expand . . . Economically and for defense purposes. The Shortway is a vital link in connecting the major highways."

Z. H. Confair, chairman of the Keystone Shortway Assn.: "We represent all counties North and Central Pennsylvania with a population of 2,500,000. Allen Hunsicker, Lackawanna County AAA, with 30,000 members: "We urge that you make construction of the Shortway the number one project in Pennsylvania."

William Quinn, supervisor, Tobyhanna Township, who pointed out the "economic benefits to (our) township with its resort industry and natural materials." Gerald Possinger, burgess of Mount Pocono who also presented a resolution passed by the Mount Pocono Rotary Club. Earl E. Heller, Delaware Water Gap Borough Council, who presented a Council-approved resolution favoring the highway.

Bernard Bleyer, director of the Northeast Pennsylvania Industrial Commission which covers 18 counties in the "North-east Corner of the State": "We are vitally concerned with immediate construction of the Shortway for the economic betterment of all of Northeastern Pennsylvania and its tremendous defense impact on the East Coast-Midwest system." Bleyer also represented the planning Commission of the City of Scranton.

Martin D. Cohn, Hazleton Chamber of Commerce, who pointed out that lack of good highways has been the "greatest single deterrent to building up the economy in our area."

William Wilcox, Greater Philadelphia Council. Before Wilcox started to testify, Monroe County Solicitor L. A. Achterman entered a formal technical objection to his testimony on the grounds that Philadelphia is not a part of the area directly involved in construction of the Shortway.

Rezzolla overruled Achterman's request and said: "This is a public hearing and we'll let the Bureau of Public Roads decide what testimony is irrelevant."

Wilcox read into the records a series of editorials from Philadelphia's two big newspapers and news stories from them. He said the Highways Department "should schedule a hearing on the Shortway in Southeastern Pennsylvania." Wilcox later attempted to insert into the transcript a copy of a five-year-old report on the Shortway plan by an engineering firm. He cited this as support that the Shortway should not be built until Turnpike bonds are paid.

Rezzolla denied this on the grounds that the report was obsolete. He said the engineering study had been made when the Shortway was being planned as a toll highway, but this is no longer true, therefore there are many more interchanges than the 17 mentioned in the report.

A TIME FOR HONOR—Girl Scouts and Sunbeams at Salvation Army Citadel celebrated "anniversary" of their two organizations Wednesday night with awards program and mother-daughter tea. With girls in auditorium here are Mrs. Charles Drummond and Mrs. L. K. Pickering. (Staff Photo by Randolph)

Promotions, Awards At Program

PROMOTION ceremonies and award presentations highlighted an "Anniversary Week" celebration Wednesday night for Girl Scouts and Sunbeams at the Salvation Army Citadel, East Stroudsburg.

Nearly 100 young girls, mothers and advisers attended the program. It was followed by a Mother-Daughter Tea.

Capt. Charles Drummond opened the program with a prayer. After the Pledge of Allegiance, Girl Scouts Cheryl Van Why, Mildred Winters, Gloria Lutjens, and Helen Featherman made the Declaration.

Other program highlights were: a piano solo by Pat Van Why; "In His Hands" vocal selection by Harriet Smith, Mary Lou Ludwig, and Eleanor Leash.

Miss E. Noack of Pennsylvania Power and Light Co. presented cooking badges to Girl Scouts; special awards were presented by Mrs. Drummond; badges were presented to both Girl Scouts and Sunbeams by Mrs. L. K. Pickering.

Main speaker was Maj. L. K. Pickering of the division office. The program closed with benediction.

Badges for Sunbeams were awarded in the following classes:

Beginners — Debbie Rowlands, Dorothy Conklin, Rose Harrison, Norman Jean Parry, Joan Conklin and Mary Emma Stump.

First Class — Gloria Noald, Gloria Noald, Helen Reinheimer, Susan Counterman, Margaret Counterman.

Homemaker — Connie Fox, Gloria Noald, Helen Reinheimer, Laurel Van Why, Margaret Counterman, Susan Counterman.

Cooking — Susan Counterman, Gloria Noald, Helen Reinheimer, Margaret Counterman, Sharon Winters.

Girl Scout badges went to:

Beginner — Agnes Conklin, Mary Featherman, Eleanor Leash, Lola Cardwell, Georgianne Miller, Agnes Miller, Gloria Lutjens, Madelyn Sargent and Phyllis Kishpaugh.

Second Class — Harriet Smith, Barbara Hallstead, Catherine Counterman, Nancy Klinger, Mary Lou Ludwig.

Bible — Harriet Miller.

Cooking — Patricia Van Why, Gloria Reinheimer, Cheryl Van Why, Shirley Counterman, Eleanor Counterman, Harriet Smith, Albert Sargent, Helen Featherman, Catherine Counterman, Diane Rowlands, Mary Lou Ludwig and Harriet Miller.

Area Girl To Graduate From College

MARY McWilliams, daughter of Mr. and Mrs. Clarence McWilliams, Marshalls Creek, will graduate with high honors, from West Chester State Teachers College on Monday.

Miss McWilliams is one of 81 seniors, out of a class of 330, to achieve standing on the class honor roll. The distinction is one of outstanding scholastic attainment.

Elementary

At the annual Spring Commencement exercises of the college at 11 a. m. in Phillips Memorial Auditorium, Miss McWilliams will receive the degree of Bachelor of Science in Elementary Education from Dr. Charles S. Swope, college president.

The address to the graduates will be delivered by Richard Thomas, former Associated Press newscaster and foreign correspondent.

Pre-Commencement events at West Chester in which Miss McWilliams will participate include Senior Class Day, today; Alumni Day, tomorrow and the Baccalaureate Service, tomorrow at 4 p. m.

Amos Johnson Awarded \$750 In Claim Against State

(Record Harrisburg Bureau)

HARRISBURG—Amos I. Johnson, of Reoders, has been awarded \$750 of his claim for \$2,250 made against the State Department of Highways for fill taken from his land, The Daily Record learned yesterday.

Johnson's claim was filed with the Board of Arbitration of Claims, which is under the Department of Auditor General, from which it was learned that settlement of the claim was made by agreement between the Department of Highways and Johnson.

Claim Items

According to the claim the department procured 15,000 cubic yards of fill from Johnson's land for emergency purposes after the disastrous hurricane which struck the northeastern area of the state.

Johnson filed a claim for 15 cents a cubic yard which the department refused to allow.

Airline Uses Jet Strategy

CHICAGO (AP) — Northwest Airlines is the only major U. S. carrier which has not ordered jet aircraft and this will work to the company's advantage, Donald Nyrop, president, told the annual meeting.

Northwest will be placing orders for jets and turboprop planes, in the near future, he said. The delay has given the company more time to study the various types offered.

Adventists Announce Services

MRS. GERARD Freeman announces that "Nature Hobbies" will be presented to the young people of the Seventh-day Adventist church today at 7:30 p. m.

The youth leader said the service will open with a devotional period and hymn singing after which a teacher will show a butterfly collection and explain the art of collecting and mounting.

Mrs. Freeman said others who will participate are Tom Miller, who will talk about his hobby of nature photography, Gerald Freeman, who will explain the art of bird watching and identification and Bob Walters, whose hobby is astronomy, will tell of the characteristics of some planets and stars.

Walters will also have a six-inch telescope he made and Mrs. Freeman said if the night is clear those present will be able to get a closer look at God's creation.

Sermon Topic

Elder William R. Bornstein said tomorrow at 9:15 a. m. he will speak on "Shipwreck" for the Sabbath worship service.

The basis for his remarks will be taken from Acts 27 and 28 which records "St. Paul's" shipwreck experience.

The minister stated that prayer, Bible study and church attendance combine to prevent shipwreck in christian lives through the storms of life today.

"Trial By Jury"

Due to the interest shown during his series of 15 Bible lectures Elder Bornstein announced that he will continue these lectures for the next four Sunday nights up to and including June 15.

Sunday, May 25, Bornstein said his subject will be "Trial by Jury" at the conclusion of which a jury composed of non-Adventists will hand down a verdict of guilty or not guilty concerning a memorial God instituted.

Area Game Laws May Be Enforced By Radio Equipment

Organization To Raise Needed Funds

By Don Carlson

MCHANEY — Efforts to curb night game shooting through the assistance of radio apparatus last night were launched by the newly organized Monroe County Game Protectors Assn. and the West End Rod and Gun Club.

At a meeting held here at the Chestnut Hill Inn—attended by nearly 50 representatives of area sportsmen clubs—initial steps were established to provide a base radio station and mobile units.

In describing the proposed project, District Game Protector John H. Doebeling said the mobile units—plus two-way walkie-talkie field units—would increase efficiency in combating night hunting.

Because of the impossibility of being "everywhere at once," West End Rod and Gun Club secretary John Deibert told the gathering, the radio equipment would be a major aid in speeding game officials to the site of violations.

The game laws enforcement is not the only purpose of the proposal, he continued, since the units would also be used for Civil Defense emergencies as well as any other similar type situations.

Success

Radio equipped game officials have been tried in other areas. It was noted, with subsequent success, increased efficiency of these personnel was an end result, Doebeling pointed out.

Under proposed plans, a base radio station would probably be set up at the East Stroudsburg home of the District Game Protector. Mobile units would be issued to deputy personnel as would some field walkie-talkies.

As soon as a violation, such as jack-lighting of deer, was observed and the information forwarded to the game official, radio operations would permit "bottling up" of the area.

By converging existing manpower into the area of the violation by radio, a large number of violators would be apprehended, Doebeling remarked.

Deer shooting violations are not alone, the official reported. Other violations such as illegal small game hunting at night and illegal fish netting also exist.

In addition to these conditions, commercial hunting of deer and marketing of the meat has been reported, he continued.

The County Game Protectors Assn. and West End Rod and Gun Club officials reaped favorable response for the proposed system from visiting area club representatives.

Financial backing for the project would be available through a suggested method, officials reported. The units for the system—if approved by Civil Defense authorities—could be purchased under a federal CD Matching Funds basis, Doebeling said.

The estimated cost of the base station was price-tagged at \$1,100 and the mobile units at a figure of about \$500 to \$600 each.

Officials seek five mobile units as a starter. Walkie-talkies would be purchased according to available funds.

Noting the Matching Funds program would provide half the cost, if the system is approved, officials set a tentative goal of \$4,000 to be matched for the equipment.

In addition to the suggested method of gaining funds for the project, a \$500 check was presented to the County Game Protectors Assn. by the West End Rod and Gun Club as a kickoff.

The after-dinner program included introduction of the rock 'n' roll tune, Moonbeams Over the Poconos, written by George and Jan Renai; a preview of the colored film, Pocono Highlights, and entertainment by the "Black and White Harmony Four."

William J. Altier, president of the association presided as master of ceremonies. There were no addresses.

Guests of honor included Sen. Bill Scott, of Lansford; Rep. Hanford L. Cleveland, East Stroudsburg; Harold A. Swenson, director, State Bureau of Tourist and Vacation Travel Development; M. F. Crowe, president, Pocono Mountains Chamber of Commerce; Leroy Guccini, president of the Pocono Mountains Vacation Bureau; J. Horace Strunk, executive secretary, Vacation Bureau; R. L. Irwin, general passenger agent, Lackawanna Railroad; Gerald Brodsky, plant manager, Ransom Corp. of Pennsylvania; Jack O'Neill, secretary, Top of the Pocono Assn.; Joseph Whalen, program director, Radio Station WVPO, and John F. Hill, editor, The Daily Record.

Altier also introduced these officers of the Eastern Pocono Resort Assn.: Harry Ahnert, Jr., vice president; C. Elwood Huffman, treasurer, and Alfred J. Baxter, secretary and banquet chairman. The invocation was given by Verner M. Reynolds.

Altier said after the dinner that a survey he had made among members of the association indicates a vacation season greater than ever. Inquiries resulting from advertising and repeat reservations point to a banner year for Pocono area resorts.

(Continued From Page 1)

about bond retirements" and said "this is the first time in history they've ever had any interest in paying off bonds. . . they owe more money down there than we're going to spend on this whole highway."

Dr. John Breslin, Lansford, Carbon County charged that "Philadelphia has never grown up" and criticized the city of Allentown for staying neutral in the Shortway matter.

Paul J. Dellaria, Central Labor Union Social Club of Monroe County who said: "I don't believe we should wait for any length of time. . . The Shortway will have the greatest possible economic benefit for the greatest number of people from here to Sharon."

C. E. Noyes, executive director of the Keystone Shortway Assn., who said that the new highway would bring in dozens of new industries all across the State.

Gordon Ward, chairman, vice president of the Shortway Assn. and representative of Chambers of Commerce in Chenango, and Mercer counties and in Youngstown: "Philadelphia is a part of Pennsylvania and we've always believed it was a part of the Shortway. We have to work together. I think, eventually, that we must have a free road from the Shortway to Philadelphia. I think, too, that we have to ask Congress to allocate federal funds for retirement of bonds on existing roads such as the Turnpike."

Stuart Pipher, president, Central Labor Union of Monroe and Pike counties: "The immediate prosecution of design for the Keystone Shortway is of tremendous importance and construction. . . will go a long way toward benefits for the economy as well as national defense. . . We cannot kill ourselves about this recession nor its after-effects. This project. . . will blunt those after-effects. Taxes produced by development all along this area, wages to workers and the contribution to the National product, will, in our mind, go a long way toward lifting the burden of taxes on the Southern tier of Pennsylvania. . . The time to worry about the Turnpike Bonds is when the Shortway is completed. Chicago traffic as well as that from great industrial centers such as Cleveland, Detroit, Youngstown and Pittsburgh would be brought many miles closer to Philadelphia and its great port and the elapsed time factor, which is actually a cost factor in transportation between these points and Philadelphia, would be cut better than three hours."

George Rung, CIO of Monroe-Pike counties, presented a prepared resolution to the hearing examiner.

Francis Shinn, Pocono Mountains Chamber of Commerce

Philadelphia Artist Slated To Give Painting Exhibition

A WELL-KNOWN Philadelphia artist will show Pocono Mountains Art Group members how to paint a landscape in oils in 60 minutes tomorrow night.

Fred W. Weber will be the demonstrating artist. He is technical director and treasurer of F. Weber Co., Philadelphia.

He will be the main feature of a program to be presented Saturday at 7:30 p. m. in Wyckoff's Tea Room. After the demonstration an open forum will fill out the remainder of the program.

Rear Entrance—All artists and persons interested in art are urged and invited to attend the meeting. There is no charge. The rear entrance of the Tea Room is to be used.

Weber is a member of the Philadelphia Academy, Philadelphia Museum of Art, American Artists' Professional League, Cape May County Art League and the Pen and Pencil Club of Philadelphia.

and the P. M. Vacation Bureau: "We represent 400 leading industries and resort hotels. We feel the Shortway will be of inestimable positive consequence to this area, Pennsylvania and the nation as well. . . It will be the shortest and fastest inland route between the midwest and the east. . . and its most scenic route."

Clifford Cramer, president, Monroe County Shortway Association Chapter: "The Shortway will allow us to tap hitherto undeveloped areas for the Pocono Mountains main industries." Donald Nicholas, Scranton Chamber of Commerce: "Because it will allow for diversified industrial growth. . . we strongly urge you to give top priority to construction of this section of EAL-4 the Keystone Shortway."

Top of the Poconos Assn., presented a resolution fully favoring the Shortway and signed by John Crandall, president, A. L. Caldwell, Stroudsburg Lions Club secretary, also presented a resolution favoring.

Tannersville Lions Club testified, through a spokesman, that it was "100 percent in favor of the Shortway" but said that it recommends sufficient interchanges to serve Tannersville and other communities nearby. Claude Heller, East Stroudsburg Exchange Club urged prompt construction of this section and others on the Shortway route.

R. LeRoy Dengler, president of the Pocono Mountains Motor Club: "If 100 miles can be saved for the traveling motorist between two points, it will be a great advantage to the car owner. . . It seems that if the Keystone Shortway will benefit millions of motorists traveling between Chicago and New York (and) that alone is sufficient reason for its immediate construction."

Sen. William Z. Scott, Lansford, who said that the Shortway will help to revive industry in the 14th District. Rev. Roger C. Stinson, chairman of the Monroe County Housing Authority and the Redevelopment Authority and president of Stroudsburg Kiwanis who urged that the Shortway be built to "aid in the further and complete redevelopment of this area" which was hit badly by the 1955 flood.

Where Do We Stand?

Outwardly, at least, the United States has greeted Russia's newest Sputnik with an aura of smugness. The ton and a half Soviet satellite appears to have caused no major concern in official Washington. Nor does the fact that up to two years will probably be required for us to duplicate the Russian feat.

We are told by Dr. Richard Porter, chief of the nation's satellite panel, that most of the data collected by Sputnik III will be duplicated by our basketball-size satellites which are due to be sent aloft in the remaining seven months of the International Geophysical Year.

Some scientists, however, say Sputnik III is doing simultaneously far more than all our satellites separately — the ones Khrushchev ridicules as "oranges."

A denial that the Russians lead us in technology comes from Dr. Louis Dunn, of Los Angeles, general manager of the space technology laboratories which coordinate the Air Force missile program. To him it means only that they may have taken more "bugs" out of their "birds."

Nevertheless, the only U.S. missiles capable of putting a ton and a half weight into orbit are the Atlas and Titan. They are only being developed. It will be 1960 at the earliest before they will be available to handle scientific rockets.

Maj. Gen. John Medaris, head of the Army's space project, says with understatement: "I cannot say that I feel we are doing what it will take to re-establish the balance. I'm a little fearful."

There is reason to be fearful. Dr. Werner Von Braun, Army missile expert, explained why last year. If we are a year behind the Russians, it will take five years to catch up even if we work 20 percent harder than they do in the missile field. If the lag is two years, the catch-up time will be 10 years.

But where is the evidence that the U.S. has even kept up its pace to say nothing of working harder to catch up?

What About College?

Schools will soon be closing, and a number of young people will go into the business of making money. Too many will stop their scholastic training at the end of high school days without realizing the tremendous advantages that will come to them by pursuing their way through college.

We do not recommend a college course for every boy and girl. There was a time when people thought this was a good idea, but, undoubtedly, there are some boys and girls who will not take advantage of the educational opportunities that can be obtained. These might as well go to work, whether they are the sons and daughters of rich or poor parents.

At the same time, let us urge all students who will complete their high school courses this summer to give serious thought to the possibility of attending college. The right institution and the right personal application, will make a difference in life.

The Pennsylvania Story

Democrats In Clover

By Mason Denison
Harrisburg — It is somewhat paradoxical perhaps that Pennsylvania Democrats, having just puffed out of a primary campaign and now headed into an unquestionably tough general election campaign, find themselves in the position of being financially plump.

It is within the paradoxical realm simply because habitually Keystone State Democrats have been on the lean end of the financial stick.

Over the years it has grown to the point where Democrats somewhat proudly have pointed to the fact that they have been the underdog element (which they have in fact not only in acquiring office but in the matter of being the "wealthy" party).

These two points have been the big attractions in the party's "mass appeal" strategy.

They have been the ones who — like the "little fellow" — have had no money.

They have been the ones who — again like the little fellow — have been on the "outs" insofar as gaining the top rung offices are concerned.

Loaded With Funds

Thus it is both ironic and paradoxical that Democrats this year should enter the fight-of-their-life fray both the top dog on the minority-majority scale insofar as holding key state offices is concerned, and literally loaded with campaign funds.

To many an old pol who has lingered at the trough during the peak of the Democratic drought of past years the situation is glowing and highly consoling.

To the more practical chieftains who look to the vote schedule in the upcoming months, the possibility of the Democratic Party becoming known as the "financial fat cat" party is somewhat appalling.

While these strategists admittedly gaze admiringly on the glittering gold prospectus facing them this year, it is nevertheless becoming one of those seat squirming conditions, literally over which they have little or no control.

The watchword still is one of "fiscal conservatism," insofar as party face is concerned, at least. The mere prospect of plodding through the coming campaign with an adequacy of campaign funds is certainly somewhat of a new twist for Pennsylvania donkey-riders.

This is not meant to imply that the tremendous well of financial assistance needed for the heavy campaign ahead already has been filled.

The point to be made however is that when the call goes out to the faithful—lead pipes and knee patches will not be standard equipment this year for those charged with the task of soliciting.

The "campaign fund dinner" which has become an integral part of Democratic strategy in years past, is expected to be exceedingly successful in the months ahead. Experiences of the past 12 months in this respect have shown festive boards loaded to overflowing.

Additionally, the "contributions" from the Democratic-controlled state payroll will aid materially—along with "business interests" and labor unions tied in with the present administration.

In a sense it is an oddity that business and labor should seemingly get together on this fine point. Actually this is not the case. Each is moving independent of the other. "Business" in this sense refers not to industry as a whole — but rather to those doing business with the state.

This year is not destined to be a lean year — financially—for campaigning Pennsylvania Democrats.

Sharp Words

DEAR ABBY: You sure got my goat when you told the mother of a lazy teen-aged daughter to just close the door when her daughter kept it looking like a pigpen. I had trouble like that with my teen-aged daughter, but I blasted her back porch so she couldn't sit down for a week, and after that she kept her room spic and span. I say, "Spare the rod and raise a delinquent."

HER MOTHER

DEAR ABBY: We are not rich, but we are respectable people. Our son went to school in Maine and fell in love with a girl up there. We didn't know her folks and they didn't even send us an invitation to our own son's wedding, so naturally we didn't go. We go to Maine every year on vacation but so far we haven't called her people. It has been ten years and we have four grand children, but we are not going to make the first move because we were told that it was THEIR place to invite us to the wedding. Please advise us as life is getting too short.

GROWING OLD

DEAR GROWING: If you WAITED for an invitation to your own son's wedding and then didn't go because you didn't get it, you certainly don't deserve much sympathy. For goodness sakes, let bygones be bygones and call her people.

DEAR ABBY: One evening my husband walks in with his father and tells me that his father is moving in with us. I said, "Oh, no, he isn't!" So my husband packs and moves out with his Dad. Do you think this was a put-up job so my husband would have a good excuse to leave, or was I to blame?

IN DOUBT

DEAR IN: This is the first time I've ever heard of a husband and his father in a package deal. Take Papa—or live alone and like it!

DEAR ABBY: I have a next-door neighbor who sits in her window and knows everything that goes on in our house. Every time we have company she tells me who was there and what time they left. She tells me every day what time my husband leaves for work and when he gets home at night. This bothers me very much. I don't want to get on the outs with her but I wish I could put a stop to it. Have you any suggestions?

LOUISE

DEAR LOUISE: There is nothing you can do to stop your neighbor from making a career out of watching your house. People who behave like this need sympathy — not criticism. They must lead very lonely and empty lives.

DEAR ABBY: My husband wants to spend every Friday evening with his folks and its wearing me down. His mother can't even speak English well enough to hold a conversation and she has been in this country for almost forty years. They are old and we are young and we have nothing in common. How can I explain to my husband that if he wants to see his folks he should go over there alone and leave me home or drop me at a show?

YOUNG AMERICAN

Dear Young: You can explain it to your husband, but how can you explain it to your conscience? He is trying to show proper respect and affection for his parents. If you were wise, you'd help him.

CONFIDENTIAL TO "THE WINNER": If he flipped a coin over a decision as important as marriage, he must have first flipped his lid. P. S. If you said "yes" you likewise have flipped yours.

Wave Of The Future

George Sokolsky Says ... Fear Of Napoleonism

The social and political revolution in Europe and in the Western world, since the French Revolution, has been to find a method of government in which the whole nation would exercise the right of choice and at the same time avoid anarchy.

The French Revolution failed because of Napoleonism. France has never been able to overcome its fears of another Napoleon. Again and again, military arose to lead France to glory but the French people have resisted the temptation.

France's curious form of government, proportional representation with multiple parties, is a product of the fear of Napoleonism—a fear which has been aggravated by the emergence of dictators subsequent to World War I—Mussolini, Hitler, Stalin, Franco, to mention only the important ones.

It is for this reason that de Gaulle has been feared. Ordinarily de Gaulle would have been regarded as one of France's great heroes.

His maintenance of a French Government-in-Exile during World War II; his rebuilding of the French army while the war was in process; his rejection of the blandishments of Vichy; his insistence that conquered France must be regarded as a primary power and given equality of treatment with the United States, Great Britain and Soviet Russia — these were heroic acts.

But he was not invited to Yalta because he had irritated Roosevelt, Churchill and Stalin, who had found him temperamentally difficult to work with. Churchill said that de Gaulle suffered from an inferiority complex. At any rate, it would have been impossible to save any part of Germany if de Gaulle had governed France during the postwar period.

Reason For Fall

At the end of the war, de Gaulle had been elected the head of the Provisional Government of France with the unanimous confidence of the French people. But he could not last. When de Gaulle fell, he retired sulking to his country home. France was trying to rebuild itself.

Unemployment—In less than four months the State has distributed \$27,175,572 in unemployment benefits. Sec'y Boshore said 134,224 checks, totaling over one million dollars, went out in week ending May 13.

Robert S. Allen Reports ... McElroy To Warn Reds

Washington—Defense Secretary Neil McElroy is undertaking a highly significant new role.

He is going to talk tough to and about Russia.

In effect, the head of the Pentagon will reiterate the "m a s s i v e retaliation" warnings voiced by Secretary Dulles in 1953-54.

Those blunt pronouncements will be reaffirmed by McElroy particularly in connection with the Soviet's war-breeding machinations in the explosive Middle East.

The costly anti-Western insurrection in Lebanon will be cited as the latest sinister instance of that.

This forceful talking will be done by McElroy in a series of carefully-arranged speeches, the first of which will be made soon.

President Eisenhower and Secretary Dulles are in full accord with this plan. McElroy has discussed it at length with them individually, and also at several cabinet meetings. Throughout he has stressed two points:

(1) The steadily growing strength and menace of Russia's military and economic infiltration in the Middle East, notably in the United Arab Republic; (2) the urgent need to make unmistakably clear this country's firm determination to employ whatever measures are necessary, including nuclear weapons, to prevent any new Red aggressions.

Both these factors have been powerfully impressed on McElroy by his military advisers. The Joint Chiefs of Staff have been increasingly concerned over Middle Eastern developments.

For several months, detailed reports have been received from Intelligence and other authoritative sources of a heavy flow of Russian arms, "technicians" and agents to Egypt, Syria, Yemen and other trouble spots. Only last week, four shiploads of Soviet weapons were unloaded in Egypt.

It is definitely known that dictator Nasser is acting as the "distributor" for Communist munitions to other Arab countries.

The vicious Lebanon insurrection has been waged almost entirely with Red arms, obtained mainly from Syria. Large quantities of these weapons have also been captured by the French in strife-torn Algeria.

More than 3,000 Soviet bloc "technicians" are now operating in Egypt and Syria.

Kremlin Plot — President Eisenhower voiced gravest concern regarding the Lebanon situation at his weekly meeting with Republican congressional leaders.

There is now definite proof, he told them, that the Kremlin, functioning through the United Arab Republic, instigated this ominous, uprising and provided both arms and Syrian "volunteers" to wage it.

"The purpose of this attack," said the President, "is not only to overthrow the government of President Chamoun, but to strike a serious blow at the entire West. A pro-Soviet regime in Lebanon would have the direct consequences throughout the entire Middle East. That could very readily lead to wide-scale war there."

"What are the chances the Chamoun government may be overthrown?" asked Senate Leader William Knowland, Calif.

"We are earnestly hoping for the best," replied the President, "but the situation is extremely disquieting. At present, it looks like the government will prevail. But it's impossible to predict what will be the final outcome. I have just received a report from the State Department that explains just what is going on there and why it's possible that anything may happen."

The significant report the President read to the GOP leaders is as follows:

"The principal source of instigation for the uprising in Lebanon is extremist nationalist elements inside and outside Lebanon, furiously abetted by propaganda broadcasts from Radio Cairo and Radio Damascus. This is supplemented by weapons and armed men infiltrating from the Syrian sector of the United Arab Republic."

"There is absolutely no doubt that Communist elements in Lebanon are participating to the utmost in fanning the flames of this insurrection. In addition, the Soviet, through inflammatory broadcasts in Arabic is doing its utmost to exacerbate the situation in Lebanon. Also, the Soviet is powerfully influencing Cairo and Damascus in their propaganda and other activities directed at destroying the pro-Western government of Lebanon."

Good Evening Ladies! Dog Reflects Human Traits

By Ken Duval

There was considerable sense, I think, in the decision of a divorce court judge in North Carolina who, after hearing the plea of the wife, awarded her custody of the family dog. The dog was a female and its mistress argued that for this reason she had more understanding of it, and she thought "a girl" should be with her "mother."

There was no argument over the rest of the property, agreement having been arrived at without bloodshed out of court. But the dog issue became a tooth and nail fight. The judge had the dog brought into court to observe its reactions and, sure enough, it ignored the husband and settled itself on the wife's lap. There it lay while the woman wept and kept saying, "Mother's little lap-eared baby" over and over. It was a scene to move the most cynical spectator to tears.

This set me to thinking how, if anything like that ever happened around here, there would be little conflict over the television set and things like that, but plenty over Cindy and Pepper. I don't care much what happens to Cindy, but between Pepper and me there is a genuine father and son relationship, or perhaps it's more of a big brother and little brother relationship. There is even a slight resemblance between us, probably because we have lived together so long.

The President said he would now tell the Marshall something indiscreet, since he would not wish to say it in front of Prime Minister Churchill, namely that the British for two years have had the idea of artificially building up France into a strong power which would have 200,000 troops on the eastern border of France to hold the line for the period required to assemble a strong British army. He said the British were a peculiar people and wished to have their cake and eat it too.

Then this occurred: "Marshal Stalin inquired whether the President thought France should have a zone of occupation, and for what reason."

"The President said he thought it was not a bad idea, but he added that it was only out of kindness."

"Both Marshal Stalin and Mr. Molotov spoke up vigorously and said that would be the only reason to give France a zone..."

Politically de Gaulle was faced by what looked like humiliation for France.

Hanover Elected As Labor Chief

ALBANY, N. Y.—Harold C. Hanover of Buffalo was elected president of the New York State Federation of Labor yesterday to succeed the late Thomas A. Murray.

Murray died in office on May 2, when he was stricken by a heart attack and collapsed at a public hearing in the state capitol.

Arnold was awarded a blue ribbon for high scholastic standing following completion of the five-week course last week. He also was awarded a gold ribbon for demonstrating outstanding aptitude in the insurance business.

A REALISTIC review of current fire insurance coverage of all property should be made now, urged Donald A. Robbins, Tannersville, local agent for the Pennsylvania Lumbermen's Mutual Insurance Co., one of the nation's oldest and strongest mutual companies.

In case of fire, he added, severe financial losses will be suffered if policyholders haven't been keeping the face amount of their fire insurance policies in line with the increased rebuilding and replacement costs of their property during this inflationary period.

"Inflation has changed the meaning of the three R's," he said. "Today, the three R's stand for Repairing, Rebuilding or Replacing property lost or damaged by fire. Replacement costs have increased tremendously during the past decade but many policyholders carry the same amount of fire insurance that they had when the original policy was written."

Last Rites Held For P.F. Holloway

FUNERAL services for Paul F. Holloway were held yesterday afternoon at the Dunkelberger and Westbrook Funeral Home. Burial was in Laurelwood Cemetery.

Rev. Charles H. Ruloff officiated, assisted by Dr. P. N. Wohlens. Pallbearers were Robert M. and Lester Warner, William and Richard W. Anderson, Peter Wyckoff and Dwight Morris.

Honorary Pallbearers were Frank B. Michaels, Thomas S. Rinehart, Charles A. Keiper, J. Frank Dreher, John A. Kitchen, Frank Truscott, L. Lehr Brisbin and Myer S. Snyder.

Mrs. Vernon G. Imbt sang "The Lord's Prayer," with her husband at the console.

Just Between Us

—By Bobby Westbrook

Some members of the Glen Brook Women's Golf Assn. played golf after the opening luncheon yesterday. But even more of them were content to make their exercise more or less mental over the card tables. The theory that food gives you calories for energy seems pretty theoretical because after a big meal it's much easier to sit still and get fat.

Anyway sit still—and that's what I did best yesterday. Even stopping at traffic lights, which ordinarily makes me impatient, was enticing yesterday afternoon.

Particularly since you could just about decide where everybody had been or was going.

The shiny clean cars driven by boys with wet hair and their light coats on and accompanied by girls with corsages were headed for the dance.

The dusty cars with college stickers on the back windows and loaded down with bags, typewriters, books and lamps were heading home from college with mom and dad packed in with the luggage and junior driving.

The cars practically scraping the ground and loaded with pillows, mattresses, high chairs and brand new brooms were heading for the summer cottage to get it opened up.

I was headed for work but I doubt if I'd be there yet if the line in back of me hadn't started getting impatient. Sitting can be a wonderful occupation—preferably full time.

PICTURE PRETTY DRESSES made by the students at Stroud Union High School and modeled at the tea yesterday afternoon are shown, left to right by Laura Ann Knapp, Kathy Adelman, Sandra Tretheway, Theodora Cyriax, Brenda Howitt, and the narrator, Barbara Hilliard. (Photo by Randolph)

Stroud Union Students Model Own Fashions

The fashion show and tea held yesterday by the home economic students at Stroud Union High School featured 125 garments, made and modeled by the girls. Skirts, blouses, sports outfits, pajamas and dresses were shown. Peggy Ann Carson was announcer, and Barbara Hilliard was narrator of the skit, written by Mrs. Linda Piper. Jackie Torzillo was the mother and Kathy Adelman the teen-age daughter.

Miss Mary Hall was in charge of staging the show and the tea was prepared by the junior high students under the direction of Mrs. Frances Feltham.

May Dinner For Altar, Rosary

The May dinner meeting of the Altar and Rosary Society of St. Matthew's Roman Catholic Church had as the theme of its program and decorations Mary, Mother of Jesus.

Rev. Luke Linden, dean of studies and assistant rector of Kilroe Seminary of the Sacred Heart in Honesdale, had as his theme "Our Blessed Lady, Mother of Fair Love and Reparation." All men desire to be loved and to achieve complete happiness, he said, but often confuse true love with false substitutes. Daily respect, devotion and dependence on Mary as the Mother and an offering up of good works in a spirit of reparation can lead men to perfect love and lasting happiness.

Richard Ashcroft, soloist, sang "Danny Boy," "Ave Maria," "The Builder" and "How Do You Do, Miss Pratt?" with Miss Barbara Ritter as accompanist.

Featured in the decorations was a miniature of the grotto with a statue like that in Our Lady at Lourdes, now marking its 100th anniversary. The speaker's table features a centerpiece of mums, snapdragons, greens and white candles.

Mrs. Theodore Viechnicki was general chairman; Mrs. Arthur Fry, arrangements; Mrs. Andy LeBar and Mrs. Frank Cracolic, tickets; Mrs. A. M. Hickey, music; Mrs. John Kuchinski, program; Mrs. Joseph Campi and the past presidents, hostesses.

After the program Mrs. Hickey installed the following new officers: Mrs. Joseph Campi, president; Mrs. Arthur Blawitt, vice president; Mrs. Guy Nicolas, secretary; Mrs. John Hauser, treasurer; Mrs. Manuel Deus, financial secretary.

Mrs. Campi named the following chairmen: Program, Mrs. Arthur Blawitt; sick, Mrs. E. R. Bush; altars, Mrs. Francis McGarry; ways and means, Mrs. Andy LeBar; hospitality, Mrs. John Brant; music, Mrs. George Rung; membership, Mrs. Charles Baker, East Stroudsburg; Mrs. Bernard Frantz, Stroudsburg; publicity, Mrs. Z. J. Viechnicki. Past presidents also serve on the board.

Mrs. Arthur Bomberger, Miss Lois Moore and Mrs. Z. J. Viechnicki reported for the nominating committee. Prizes were awarded Mrs. John Romansky, Mrs. Sadie Messia and Mrs. Louis Romansky. The society presented a check

Former Bandmen Invited

Bartonville — All former members of the Hamilton School Band have been invited to play with the present band at the concert to be presented after the Sally Starr Show at the West End Fair Grounds, Gilbert, on Saturday afternoon, May 31.

The invitation has been extended by band director Walter Lane and the school principal Edward Doney, who have announced that former band members playing on that day will be admitted to the show with the same privileges as present students at the school. A rehearsal is scheduled to be held at the Hamilton School on Monday night, May 26, at 7:30. It is important that all former and present band members attend. All band books should be brought as well as music stands.

Today, 58,000,000 copies of the daily newspaper will be printed and sold in the U. S.

Greenawald Announces Area Shortway Route

(EDITOR'S NOTE — The following is the complete text of testimony presented by District Five Engineer E. J. Greenawald at the public hearing on economic effects of the Keystone Shortway, held at Tannersville School at 7:30 p.m. yesterday.)

"SINCE U. S. 611, also identified as FAI-4, has been placed on the Federal Aid Interstate System and in accordance with the Interstate Law, it will be required to make this a Limited Access Highway.

"By Limited Access Highway we mean that the traveling public can leave or enter the highway only at designated places where interchanges with grade separations are provided.

"All at-grade intersections of public highways and private driveways will be eliminated, either by terminating the road or re-routing the same. Service roads, if or where required, will be constructed to provide ingress and egress to private properties.

"Because of the proximity of the many business places and homes along the present highway, it was deemed not advisable, due to the exorbitant costs involved, to attempt to redesign the present highway to meet the interstate standards and convert it to a limited access highway.

"For this reason, studies were made to establish a location most desirable from an engineering and an economic point of view and insofar as providing convenient and suitable access to the many communities and resort areas.

"The proposed project starts at a point 500 feet west of Legislative Route 45060, where an interchange or connection between FAI-Route 4 and existing U. S. 611 will be provided and where this project joins the Stroudsburg By-Pass now in the final design, and extends northwardly over new location to a point north of Tobyhanna; thence along present U. S. 611 to the Monroe-Wayne County Line, a distance of 24.7 miles.

"The proposed relocation follows along the east side of Pocono Creek to a point 2,000 feet south of Bartonville, where the line crosses Pocono Creek and follows along the west side of

same, by-passing Tannersville on a location 1,400 feet west of the town.

"The line then turns westwardly and northwardly passing along the west side of Crescent Lake where the same curves to the right and follows a course due north, on a location approximately 3,400 feet west of Pocono Summit to a point north of Tobyhanna where the proposed line will follow the present location.

"The proposed type of construction will consist of two 12-foot lanes of Reinforced Cement Concrete Pavement on both sides of an earth median varying in width from a minimum of 65 feet to a maximum of 1,000 feet.

"Through the more rugged terrain consideration was given to the location where the best possible northbound grade can be obtained within the limits of reasonable grading quantities. It is for this reason that the width of median varies.

"The maximum horizontal curvature is three degrees. It is endeavored to hold the inside roadway a minimum of five feet lower than the outside roadway in order to reduce headlight glare. The maximum ascending grade will be 3.5 percent and the maximum descending grade will be 4.5 percent.

"There will be seven interchanges to provide easy access and connection to the many towns and resort areas. The locations are as follows:

"1. This interchange provides a connection to existing U. S. 611 and an entrance to and exit from the northern part of Stroudsburg Borough.

"2. Interchange at intersection of T. R. 12 in the Bartonville area.

"3. Tannersville Interchange. Approaches to the interchange will be over L. R. 45024 for traffic to and from the north and over Application 3759 (Reeders Road) for traffic to and from the south.

"4. Proposed Keystone Shortway Interchange in the vicinity of Crescent Lake.

"5. Pocono Summit Interchange with T. R. 940 at a point approximately 3,400 feet west

6,050 Vote In County Primary

UNOFFICIAL figures show that 6,050 or 32.5 per cent of Monroe County's 18,616 registered voters went to the polls Tuesday.

Returns from voting districts show these other details: Interest was stronger in the GOP race for party chairmanship than in any other phase of the election. More votes were cast in the race between Gerald Snyder and B. K. Williams for the Republican post than for any other office.

Although Democrats hold a strong edge in registration, it was the Republicans who "got out the vote."

Figures show that 3,233 Republicans — or 42 per cent of the total (7,629) registration — cast ballots in the Snyder-Williams contest.

Democrats, on the other hand, showed up in only 2,817-vote strength in the contest between John Brislin and John Schimmel for their party's chairmanship.

Since Democrats have a total registration of 10,987 only 25.7 per cent of those eligible actually voted.

Monroe County's percentage was considerably higher than in most other areas in the state.

And most of that was due to heavy interest in local party politics and decisions.

Unofficial statistics show that George M. Leader, now governor, got 2,028 votes in his quest for the Senatorial nomination of the party. Combined with the 863 votes cast for his opponent, Clarence Bowers, this brought the total Senatorial vote up to 2,891.

By contrast the 3,233 Republicans who voted did not pay close attention to their Senatorial race. Only 2,730 ballots were cast in that party's race between Hugh Scott and Weldon Heyburn.

Joseph Rine Suffers Injury

JOSEPH R. Rine of 188 Grove St., East Stroudsburg, was treated at Monroe County General Hospital yesterday afternoon for a cut scalp sustained while at work near the Main St. bridge across Pocono Creek.

Rine had one stitch taken in his scalp, according to the foreman of the Metropolitan Edison Co. crew for which Rine was working. The company spokesman said a piece of equipment fell from a pole and struck him.

Schools in Need ATLANTIC CITY, N.J. (AP) — The chairman of the Pennsylvania State Board of Nurse Examiners said yesterday the Keystone State's nursing schools are in dire need of qualified faculty members.

Applications Open For Farm Pageant

YOUNG women between the ages of 16 and 21 who reside on farms in Monroe County are invited to enter the 1958 Queen of the Furrow Contest for this area.

E. Elmer Kreger, Soil Conservation District chairman, said judging will be held in the near future and will be based on personality, poise, intelligence and natural attractiveness.

Entries will be accepted until July 1. Application blanks are now available at Kreger's office and from vocational agriculture offices.

Kreger said competition will begin with the selection of two girls to represent each county in ten regional contests. Regional winners will compete in final judging at Hershey in August.

The queen, who will be a Pennsylvania girl, will receive a complete wardrobe and an expense-paid visit to New York City with her parents and an opportunity to make radio and television appearances.

She will also serve as official hostess at the National Plowing Contest and Conservation Exposition at Hershey, Aug. 21-22.

Fathers To Be Honored At Church

EACH father having his entire family present at the Sunday School at 9:30 a.m. in the Pilgrim Holiness Church will receive a gift. A gift will also be presented to the largest family present.

"When the Day of Pentecost Was Fully Come" will be the subject discussed by Rev. L. W. Drury, pastor of the local congregation in the morning worship hour at 10:45.

In Charge
Pilgrim Youth will meet in the Youth Auditorium at 6:45 with Mrs. Beatrice Drury in charge of the meeting. This service will be followed by the Evening Evangelistic Hour at 7:30.

The church, located at 208 Main Street is one of many Pilgrim Churches in the country believing in a Christ who is able to save, sanctify, heal and who is coming again.

Steels, Aircraft Set Market Rise

NEW YORK (AP) — Steels and aircraft were pacemakers yesterday in a general stock market advance, the best since April 30.

Turnover swelled to 2,500,000 shares from Monday's 1,910,000, which was the smallest since early March.

Commissioners To Borrow Funds

MONROE County Commissioners yesterday agreed to borrow \$25,000 from East Stroudsburg National Bank.

The County will pay three and one-half percent interest on the short-term loan. It is made in "anticipation of taxes."

THE WAY IT WAS THEN—Snow half-buried the home of Joseph D. Pearson Jr. at Naomi Lake on Feb. 16. When Pearson took this picture, snow had drifted half-way up tree at left, touching bottom of bird's nest.

ON MAY FIRST the snow was still there at Long Pond. Thomas Meckes Jr., weather observer, is shown here standing on a drift nearly two feet deep which still blocked a mountain logging road at that time. (Photo by Dixon Miller)

WINTER DAMAGE to trees was heavy as these balsam firs show with their limbs stripped off the trunks and piled around base of tree. Snow was still heavily drifted and piled up near the home of Thomas Coleman, Long Pond on May 1. (Photo by Dixon Miller)

STILL OVER A FOOT DEEP—Snow was still lingering on in Frank Miller's woodlot on May 17, date of this picture. Snow is believed to have set a record staying on ground in the mountain area. (Photo by Dixon Miller)

Gas Convention Closes

POCONO MANOR — The 50th anniversary meeting of the Pocono Gas Assn. closed its three-day stand here yesterday with a buffet luncheon. Highlights of the closing business session were talks by J. K. Kuykendall, Washington, D. C., chairman of the Federal Power Commission, and Leon Schwartz, Harrisburg, chairman of the State Public Utility Commission. Other speakers were W. G. Hamilton, Jr., president of American Meter Co., Philadelphia, whose subject was "The Gild of Ancient Suppliers"; John Ware, III, president of Penn Fuel Gas Co. Inc., Oxford, "The Role of the Small Gas Company," and A. E. Bone, president of the National L. P. Assn., and owner of Eastern Propane Co., Malvern, "We're All in the Gas Business Together."

Payments Of \$16,375 For County

(Record Harrisburg Bureau) HARRISBURG—Payments totalling \$16,375 are moving to four boroughs and 16 townships in Monroe County as reimbursements from the Fire Insurance Tax Fund, The Daily Record learned yesterday.

The money for the local municipalities, now cleared after auditing by the State Auditor General's Department, is for payment to the various firemen's relief funds. It is derived from a two per cent tax on premiums of out-of-state fire insurance companies who do business in Pennsylvania.

Allocations
Allocations for the various Monroe County communities (based on the amount of premiums paid in each municipality) have been approved as follows: Stroudsburg, \$3,939.17; Barrett, \$2,408.23; Chestnut Hill, \$331.93; Coolbaugh, \$460.70; Delaware Water Gap, \$310.20; East Stroudsburg, \$3,274.94; Eldred, \$87.38.

Hamilton, \$400.65; Jackson, \$181.71; Middle Smithfield, \$416.04; Mount Pocono, \$548.02; Paradise, \$608.41; Pocono, \$1,705.20; Polk, \$156.69. Price, \$23.31; Ross, \$38.09; Smithfield, \$737.12; Stroud Township, \$834.29; Tobyhanna Township, \$759.92; and Tunkhannock, \$53.

SCHOOL children of the third and fourth grades arranged a surprise party for their teacher, Mrs. Alys Morton, on her birthday. With a large birthday cake baked by the mother of one of the pupils, and with ice cream and punch purchased by contributions from each pupil, a festive time was enjoyed.

The appearance of Melick's Cherry Valley Inn has been improved by painting the exterior white.

Neil Lehto was called to his boyhood home in Iowa by the death of a relative. He took a plane to Chicago and thence to Iowa.

Robert Wolbert was the harp soloist at the Nichols-Sweeney wedding here last Saturday. His name was inadvertently omitted from the wedding write-up.

Encouraging reports are being received as to the condition of Mr. Edwin Oettel of Cherry Valley who was taken to the General Hospital Monday morning. Mrs. George Lee also was taken by ambulance to the hospital Tuesday afternoon. Mrs. Robert Melick is an appendectomy patient at the hospital.

At the Joseph D. Pearson Jr. home at Naomi Lake, huge snow drifts nearly buried the house on Feb. 16. Three months later, Pearson could measure the depth of the drifts by studying trees near the house. These trees had been stripped of their branches when the snow melted and dropped away.

Trees were smashed by heavy snow on the shore of Stillwater Lake. On May 16 there was still a heavy trace of snow at the lake.

Finally, with the end of the third week in May, the snow was nearly gone. One of the last traces of snow could be found in Frank Miller's woodlot. This remaining drift was over a foot deep.

On May 19, some snow still remained. But it was only a fading remnant of the heavy, paralyzing fall which had hit in February.

It is believed that the February blizzard set a record for drifting and snow retention in the area which may hold for many generations.

Study By Nancy Hallett

A STUDY in "The Teaching of Arithmetic" by Nancy G. Hallett of Mount Pocono is one of several research reports filed with Mansfield State Teachers College in conjunction with the State's Program of Curriculum Study and Instruction Improvement.

The State Teachers College at Mansfield has been selected by the Department of Public Instruction as center for Area 13 of the State Program.

A Curriculum Committee of public schools people was recently organized to foster research studies in the schools of the area. The report by Nancy Hallett is among 27 on file at the College's Curriculum Center.

Two Artists Praised For Works On Display At YMCA

EDITOR'S NOTE — This review covers the art exhibition currently held by the gallery at the Monroe County YMCA.

By David and Helen Harrington

IT SEEMS to us that some of the fresh delight of the recent Children's Art Show has lingered in the Gallery of the YMCA through the last exhibition and into this one.

Passing the paintings by George B. Johnson in the hallway as we entered — Boy with a Rake, and The Red-headed Child (which has been sold) — we did a double-take — and accepted with pleased amusement what he calls their "pseudo-childlike simplicity."

His paintings are effective, with a good sense of design and composition; the suggestion of color is in good taste, and they will give the on-looker a three-dimensional sense of form.

In trying to express his art, he doesn't need to rely on formal values such as drawing techniques and painting qualities, perspective, or the acceptance of what is good color as understood by the academic school of art. The thing we liked about his paintings is that he has expressions of moods like tones in modern music, combinations that may appear to be discordant, but that have within them a quality that arouses sympathy.

Both young artists have posted an interesting statement of the intent of their art that should be read by

the viewer. It clarifies what is meant by "modern" in their work better than we can.

Gloria Shafer Randolph has paintings which are a completely different expression.

Although Mrs. Randolph doesn't appear to "tell a story" of springtime and sunshine, her paintings do convey the moods which she feels — the joys of life and nature — in a more literal sense. They are sensitive and decorative.

The art technique which she uses allows the painter to make impressions by a touch of color or a suggestion of form or line, without being subjected to the ancient discipline that has discouraged many an ambition. Here is a steadily developing talent. She employs stylization to simplify realism.

We particularly liked her gouache "Wild Life," which has a nice rhythm and spontaneity. We have enjoyed the freshness and freedom that is evident over by the painters of the new school called modern. Stroudsburg is lucky in having young talent of this calibre. We look forward to more such stimulating shows.

The modest prices of these paintings should encourage people in our community to purchase them, and live with them — thus gaining the familiarity that is so necessary in understanding and appreciating any art — particularly "modern."

Trugillo Aid Fined \$263

TORRANCE, Calif. (AP) — A misdemeanor drunk driving charge yesterday brought a fine and suspended five-year jail sentence to an aide of Lt. Gen. Rafael Trujillo Jr. of the Dominican Republic.

Trujillo's 29-year-old secretary, Victor Sued, was fined \$263.

E-burg Athletes, Band, Others Cited At Fete

Retired Navy Commander Guest Speaker

EAST STROUDSBURG High's state championship band, athletes, cheerleaders and drill team were honored at a banquet in the East Stroudsburg Methodist Church last night.

The fete, sponsored by the East Stroudsburg Joint Area School Board, was attended by more than 200 students and guests.

Commander Ralph A. Sentman, USN Retired, was the guest speaker. The former naval deep sea diver and submarine commander spoke on "You Are America's Future."

He urged the boys and girls to set a goal in life and work hard to fulfill that objective.

Ralph O. Burrows, principal of East Stroudsburg High was the toastmaster.

He introduced the following guests: Horace Walters, Raymond Hartman, Robert Wright, Dr. Evan Reese, school board members; Carl Secor, superintendent of schools in East Stroudsburg; Mrs. John Masters, Mrs. Raymond Poorstra and Mrs. James Strunk, Band Mothers of officials; and Robert Clark, Daily Record Sports Editor.

Walters, a long time friend of Commander Sentman, introduced the new assistant to the president of the Gouldner Company of Philadelphia.

The Rev. Harold C. Eaton, pastor of the East Stroudsburg Methodist Church, gave the invocation.

Douglas Schoonover, in the absence of head coach Jack Kist, presented awards to the football, basketball team members. Schoonover also presented his varsity and junior varsity basketball teams.

Other presentations were made by Clement Wiedmeyer and Robert Zellner, band; Robert Burrows, cheerleaders and drill team; and Ralph Burrows, golf team.

Special awards were given to Dale Metzgar, athletic award for sportsmanship; Jean Marsh and Dale Metzgar, Babe Ruth sportsmanship; Douglas Smith, Gene Martin, Phil Simon and Dale Metzgar, National Athletic Scholarship Keys. Ralph Burrows made these presentations.

MVP Awards
Sam Kupiszewski, president of the Varsity "E" Club of East Stroudsburg, presented most valuable player trophies to the following: Dale Metzgar, basketball; Carl Smith, football; and Roger Ray, baseball.

The captains of the varsity teams presented gifts to the coaches: Kist, Schoonover, James Wertheimer and Robert Burrows.

Others cited at the fete were Theodore Miller, Michael Evans, Earl Miller and Jerrold Fritz, members of East Stroudsburg Junior High's faculty.

Kenneth Raessler, accompanied by Barbara Ritter, led the group in singing.

The meal was prepared and served by the Women's Society of Christian Service of the Methodist Church.

Braves Rout Giants
MILWAUKEE (AP)—The second place Milwaukee Braves defeated San Francisco 9-3 Thursday night, gaining a full game on the National League leading Giants who saw their five-game winning streak broken by the eight-hit pitching of Lew Burdette.

The defending champion Braves pulled to within a game and a half and .024 percentage points of the Giants, who had won 12 of their last 14 games. The game opened a three-game series, the first meeting between the clubs this season.

Heller-Lloyd-Howell Go Into Eastburg LL Knot

HELLER-LLOYD-HOWELL moved back into a first place tie with Methodist Church in the East Stroudsburg Little League last night by blanking R. C. Cramer, 7-0.

Billy Reese hurled the shutout, allowing five hits. He also tied his mates at the plate with three-for-three, including two doubles.

Hillyard helped the winners cause with a home run, while Spinner shared hitting laurels with three hits also.

Corby and Gallagher divided four of the losers five blows.

Stroudsburg LL To Open Tomorrow

STROUDSBURG Little League will open its 1958 season tomorrow with a triple-header at LL Park, starting at 10:30 a. m.

A parade, featuring league officials, managers and players, will be held, starting at 10 a. m. The march, headed by a nucleus of the Stroudsburg High School Band, will form at the Penn-Stroud Hotel and go out West Main St. to LL Park.

The first game of the triple-header pits Stout Glass Works against Wyckoff-Sears.

Second Game
The second game which will get under way at 1 p. m. will find Security Trust and Penn-Stroud as foes. Immediately following the second tilt, Veterans of Foreign Wars will take on First National Bank.

Pre-game ceremonies will highlight activity at Little League Park before the opening 10:30 a. m. contest.

Stroudsburg Burgess Ed Doran will toss out the first ball at the Park field.

Archery Shoot Here Sunday

AN OPEN archery shoot—the first of its kind in the area—will be held at the Pocono Archery Association range, West Main St., Stroudsburg, Sunday.

Bow and arrow experts from all over Pennsylvania, New Jersey and New York will participate in the Pocono Archery-sponsored classic.

Registration will begin at 10 a. m. Sunday and continue through 1 p. m. The shoot will start immediately after.

Pocono Archery official, "Doc" Hellman, has announced that the public is invited to attend.

The trophies for the event are on display at the Bell Insurance Company building, Main St., Stroudsburg.

Eastburg LL Auxiliary Set June 20-21 As Tag Days

EAST STROUDSBURG Little League Ladies Auxiliary will hold its annual Tag Days for the circuit June 20 and 21.

Mrs. Myrtle Millard has been named chairlady of the two-day drive for funds for the Eastburg LL.

The next meeting of the LL auxiliary will be held June 10 at Little League Stadium, East Stroudsburg, immediately following a regular loop game.

Commercial 'C' To Honor Keglers

THE Commercial 'C' League will hold its annual banquet at Bill Altier's tonight at 7:00 p. m. League champions, this year are Cream-ee Ice Cream.

Team members included Dick Staples, Harold Stattler, Bill Andrews, Kenny Barnes, Al Poorman, and Louis Lee, captain.

High average for the league was held by Don Miller, while Don Gage shot high triple with a 647, and Jerry Dorfinger had high single with a 264.

17 Cars To Race In Dutch Prix

THE HAGUE (AP)—A field of 17 was announced Thursday for next Monday's Dutch Grand Prix automobile race at Zandvoort, a seaside resort near Amsterdam.

A last-minute addition to the field was Maurice Trintignant of France. He will pilot the Cooper in which he won the Monaco Grand Prix last Sunday and in which Stirling Moss won this year's Argentine Grand Prix.

OFF THE RECORD
By Bob Clark
Sports Editor

MOTOR BOAT RACING on the Delaware River, near Kittatiny Beach, will be a reality in August.

A nationwide Motor Boat Association will send their boats through the Delaware under the auspices of the Delaware Water Gap Chamber of Commerce and the Pocono Mountain Chamber.

The first for this immediate area will be a two-day affair with the top sponsor—the Gap Chamber—handling all the details the first day, while the boat group will put on a special show the second day.

It is planned for early August on a Saturday and Sunday. No official date has been set as yet.

Actually the boat racing idea for the area is the baby of two local business men—Bill Tarr and Bernie Clemens.

The pair conceived the idea and got the boat association interested in coming here. Tarr and Clemens talked over the plan with more than a score of individuals.

At first it went to deaf ears until a meeting with Gap Chamber officials moved into high gear. Now the Tarr-Clemens dream has come through.

The benefits of such a venture is worth its weight in gold, Tarr and Clemens said many times. Apparently the Chamber feels so also.

It will be a definite boom to the Gap and its surrounding territory.

Twin City is having its troubles in the Eastern Fastball Softball Association. The problems are not on the ball field but with regulations set up by officials pertaining to ground rules.

For that very special occasion

GIRLS'
Filmy White Nylon
COMMUNION
DRESSES

7.98 to 10.98

White nylon, for one of the most important days in a young girl's life — first Communion. Some are frosty with lace ruffles; some have very full pleated skirts and wide pleated collars. Others combine lace, net and nylon taffeta. All have their very own slips, and all are "very special." Sizes 6 to 14.
